

# DESTINATION TRAILS COMMITTEE

*Stewart is uniquely situated to be the destination of choice for winter activities such as snowmobiling and heliskiing.*

Development of a destination trail project will support economic activity throughout the winter season as well as provide residents with an improved trail system for year-round use.

The District is looking for interested individuals from all user groups and stakeholders to participate in development of the project.

If you'd like to get involved, please contact the District office.

Your name will be added to the contact list and you will be notified when a meeting date is set.

For more information contact Jennifer Larson, CFO
