

To Patients of the Stewart Health Centre

Physician coverage at the Health Centre is NOT expected to be affected by the departures of Dr.'s Michael Kawerninski and Brenda Huff, who have resigned for personal reasons effective September 30th 2017.

Visiting (locum) physicians are scheduled to see patients **through the end of December 2017**, and Northern Health is working to recruit more primary care providers to serve in the community.

If you have any questions, please contact Dolores Kennedy at 250-636-2221.
