

PUBLIC NOTICE

Please be advised that Northwest Hydraulic Consultants will be carrying out the installation of the river monitoring stations at Stewart (Bitter Creek Bridge and Bear River Bridge No. 1) from 21 June to 24 June.

Gitxsan Safety Services will be carrying out traffic control on the following dates, when they will be working on the bridges (single lane alternating traffic):

- Bitter Creek Bridge: June 21, 2017
- Bear River Bridge No. 1: June 22, 2017

All other work will be carried out off the roadway and will not disturb traffic or require traffic control.
