

Statement from the District of Stewart: COVID-19

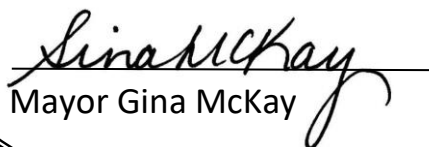

In light of confirmed cases of COVID 19 (Coronavirus) within the Northern Health region, the District of Stewart is making the community aware that it is important to be diligent and take all necessary precautions to prevent the spread of this virus.

One such precaution is to encourage the community to [limit social gatherings](#). As such, the District has taken the following measures: ceased operation of the Arena; upcoming Council Meetings as well as social & recreational programming are cancelled until further notice. With the arrival of our beautiful Spring weather, the timing is perfect to transition from indoor group gatherings, to enjoying the outdoors (*limiting participants and keeping a minimum of 2 metres from others*).

Please note: If you have [travelled outside of the country](#) and have potentially been exposed to the virus, please visit this link regarding "[self-isolation steps](#)". For patients with chronic health conditions, please see this link [for answers to common questions](#).

Please contact the District of Stewart at 250 636-2251 if you require further information.

The District apologizes for this inconvenience and appreciates your cooperation during this time.

Mayor Gina McKay
