

Power Outage Notification

Saturday, November 28th
11:00 a.m. to 3:00 p.m.

Community of Stewart

TO OUR CUSTOMERS:

On Saturday, November 28th from 11:00 a.m. to approximately 3:00 p.m. the power will need to be turned off to the community of Stewart. Crews require the power to be off to allow them to perform system upgrade tasks in the Meziadin substation and transmission system to Stewart.

We apologize for the inconvenience this power outage may cause, however this necessary work cannot be performed with the lines energized.

BC Hydro would like to thank customers for their patience and understanding. Crews will work to restore regular service as quickly as can be accomplished safely.

BC Hydro encourages customers to turn off all appliances and electronics – especially portable electric heaters – during an outage. When power is restored, please wait approximately one hour before multiple appliances are used, to allow the system time to stabilize.

For more information: BC Hydro at 1-800-BCHYDRO (1-800-224-9376)
