

PUBLIC NOTICE

Community Garbage & Cardboard Bins, and Bear Safety

It is that time of year once again for us all to be vigilant with keeping garbage inaccessible to wildlife

As there are a number of community garbage bins throughout the community for your convenience, this is a reminder to please not leave garbage on top of or beside garbage bins – as this attracts bears, birds and other wildlife.

This map depicts all locations of the Garbage Dumpsters and Cardboard bins throughout town.

Also, for the public's convenience, cardboard bins are located beside the dumpsters on:

1. 7th Avenue & Columbia
2. 5th Avenue & Railway, and
3. Raven Street

Please ensure all cardboard is broken-down and flattened prior to placing it into the slot on the cardboard bin.

Thank you for doing your part to manage our waste, keep our community beautiful and protecting wildlife!
