

DISTRICT OF STEWART

NOTICE TO BUSINESSES

FIRE INSPECTIONS

**Black Fire Consulting Ltd. will be in Stewart
on the following days:
November 30 & December 4 & 5, 2023**

Black Fire Consulting Ltd. is returning to Stewart and will be conducting fire inspections at businesses within the District of Stewart during the days of Nov 30, Dec 4 & 5, 2023.

Yearly inspections are necessary to ensure that your building and fire prevention system will be ready to protect you and your patrons in the event of an emergency.

The District requires all businesses to comply with the BC Building Code, Fire Code, and all municipal bylaws. Any recommendations resulting from the inspection should be implemented as soon as possible with verification of your compliance or a management plan to implement them.

With this advance notice, the District would like to collaborate with the businesses in our community by checking if there is a preferred day or time that works best with your schedule. **If you'd like to book times ahead on either Nov 30, Dec 4 or 5, please contact the District office at 250-636-2251 to arrange this as soon as possible.**

We appreciate your cooperation as we work together to maintain a safe community.
