The following provisions will be required prior to moving of buildings or structures:

1. Ensure the building or structure is certified structurally sound, for moving purposes, by a practising engineer registered in the Province of British Columbia.
2. Obtain from the District of Stewart any additional permits required for street closures, and notify all regulating bodies prior to moving.
3. Arrange for the District of Stewart to disconnect and connect, as required all water and sewer service lines to the property.
4. Where buildings or structures are to be moved into or within the District, obtain all necessary permits.
5. All above items are to be fully complied with within ninety (90) days of the date of issuance of the Permit.
