

This Leash keeps me Safe!

It keeps Bears
and other
wildlife safe
too!

(and...it's the LAW!)

Free-roaming dogs run the risk of being injured or killed in encounters with other wildlife as well as being exposed to other harmful substances that may be toxic to your dog.

Conflict with wildlife often result in the wildlife being destroyed as well.

**Please keep pets supervised on leash,
in a fenced yard or indoors.**

For information on the specific laws and fines please see:

DISTRICT OF STEWART—BYLAW NO. 815-2006
