Contractor Certification

I confirm that the equipment noted above is owned by me or a company for which I am authorized to act on behalf of and that all such equipment conforms to all licencing and safety requirements. I understand and agree that any equipment operators supplied by me in the performance of duties as hired equipment for the District will comply with Worksafe BC health and safety standards. I further certify that any damages or injuries resulting from the operator or equipment will be the responsibility of the contractor and not of the District.
