

## COMMUNITY GARBAGE BINS

There are a number of community garbage bins throughout the town for your convenience. Shown on the map as red stars.

If the bin is full **DO NOT** leave garbage on top of - or beside - the bin as this is an attractant to wildlife and birds tear apart the bags leaving a terrible mess.

Also, **DO NOT** leave recyclables on top of - or beside - the bins. Drink containers can be taken in to Border Town Recycling for refund located at the old pool building (green circle - #2)  
Other recyclables must be dropped off at the diversion centre at the old landfill site. (green circle #1)

*We all share the responsibility to manage our waste, keep our community beautiful, and protect the wildlife.*

*Thank you for doing your part!*
